

Release Notes – RTP Client for Windows

February 2007

The latest version of the RTP client for Windows now supports Microsoft Internet Explorer 7.0. No other changes to the client have been made.

The RTP Client for Windows can be downloaded from www.realtimeproof.com/asp/download. Please look for the entry marked “Proofing Client for PC - IE 7 version”.

For assistance, please contact your local Kodak support representative or email: rtpsupport@kpgraphics.com.
